DIEGO MORATAYA

Massapequa, NY • 631-644-4820 • dmcruz82004@gmail.com
Trilingual: English • Spanish • Italian

SUMMARY

Detail-oriented Computer Programming & Information Systems student with hands-on IT, warehouse, and physical labor experience. Comfortable working independently or on a team in fast-paced environments. Strong communicator across technical and non-technical contexts.

EDUCATION

B.S. Computer Programming & Information Systems | Farmingdale State College (SUNY), Farmingdale, NY *Expected May 2027*

- GPA: 3.50 in major coursework
- Relevant coursework: Java (CSC211) - JavaFX, MVC architecture, recursion, backtracking algorithms; Computer Networking (BCS262) - Network topology design, Cisco Packet Tracer, remote-access infrastructure
- Completed IBM AI Fundamentals certification (bonus coursework)

Farmingdale Senior High School | Regents Diploma with Advanced Designation • Italian Honor Society

TECHNICAL PROJECTS

JavaFX Contacts Application

- Built a full CRUD contacts manager in Java using the MVC design pattern, SceneBuilder, and JavaFX — handling data persistence, UI event logic, and controller separation

Eight Queens — Backtracking Algorithm

- Implemented a recursive backtracking solution to the Eight Queens problem in Java, correctly placing non-conflicting queens across all valid board configurations

Network Infrastructure Design — Vortex Training Solutions (Packet Tracer)

- Designed a full office network topology for a fictional business using Cisco Packet Tracer, including floor plan layout in draw.io, VLAN segmentation, and remote-access scenario configuration

EXPERIENCE

Carpenter's Assistant | K.D.M. Home Improvement LLC, Massapequa, NY *Sep 2025 – Present*

- Support all phases of residential carpentry and home improvement projects including material handling, site prep, and installation assistance
- Independently managed vendor logistics including a lumber return and coordination on behalf of the business
- Developed practical knowledge of construction materials, tools, and job site safety

Delivery Driver | Gino's of Farmingdale, Farmingdale, NY *Jan 2025 – Sep 2025*

- Managed timely delivery routes across multiple stops, maintaining consistent customer satisfaction
- Handled cash transactions, order accuracy checks, and end-of-shift cleaning and stocking duties

Warehouse Associate — IT Asset Management | IT Asset Management Group, Farmingdale, NY *Jun 2023 – Aug 2023*

- Catalogued and processed IT hardware including laptops, printers, cables, and peripherals in a fast-paced asset recovery environment
- Assisted auditors with inventory verification and data entry, logging equipment into Excel spreadsheets with accuracy and speed
- Gained hands-on exposure to enterprise hardware identification, asset tracking workflows, and warehouse organization

SKILLS

Languages: English (native), Spanish (native), Italian (fluent)

Programming:	Java (OOP, JavaFX, recursion, algorithms), Microsoft Excel
Networking:	Cisco Packet Tracer, network topology design, VLAN concepts
Tools:	IntelliJ IDEA, draw.io, SceneBuilder
Strengths:	Problem-solving, written communication, physical stamina, team collaboration
